GET INVOLVED WITH IBAC

IBAC is a non-profit international trade association, representing the interests of business aircraft operators around the world, promoting safety and advocating for access and appropriate regulation to facilitate growth. Most of our work focuses on ICAO, the specialized United Nations agency that sets global standards in safety, air navigation, security, airports, and environment. We are active participants in key ICAO committees, shaping requirements that recognize the needs of business aviation and informing our members of critical developments that affect operators.

Historically, IBAC's membership has been limited to national and regional business aviation associations only. To help build its capabilities and its global presence, IBAC welcomes the participation and support of business aviation manufacturers and service providers as Industry Partners as well as the support of operators as Operator Affiliates or Industry Partners. (Organizations participating as Industry Partners and Operator Affiliates must also be members of at least one IBAC member association.)

Getting involved with IBAC will support our efforts to keep business flying around the world.

COMMITMENT

Industry Partners and Operator Affiliates should nominate a key representative from their company to interact with IBAC.

Time: Industry Partner representatives may expect to participate in one or two virtual meetings of the Industry Advisory Group (IAG) per year. The IAG will elect a representative from the group to serve on the IBAC Governing Board that meets twice a year. Contacts from Industry Partners and Operator Affiliates may expect to be invited to networking events typically tied to larger business aviation conferences.

Get Started: To initiate your new IBAC Industry Partner or Operator Affiliate membership, please request an application by email to comms@IBAC.org.
