

PROGRAMME PRICE GUIDE

IBAC is a non-profit Council of business aviation associations. The International Standard for Business Aircraft Handlers (IS-BAH) was developed by IBAC, its Member Associations, and in partnership with NATA for the benefit of business aviation worldwide. IS-BAH pricing has been set to recover the cost of development and the ongoing maintenance cost of a dynamic standard that is continuously updated to reflect current procedures, equipment and regulations.

The price of IS-BAH subscriptions includes the three mandated requirements for each station:

1. Online access to the IS-BAH document manual suite, including the IS-BAH Standard and Recommended Best Practices, Audit Programme Manual,
2. Attendance for one person to the “Fundamentals of IS-BAH” workshop,
3. And registration ongoing through the agreed subscription period.

Banding is based on the number of stations the organization operates.

Band A = single station locations. Initial subscriptions are US \$2500.00, covering year 1 and 2; subsequent renewal years are US \$840.00

Band B = more than 1 station up to 40 stations. Initial subscriptions are US \$2150.00, covering years 1 and 2; subsequent renewal years are US \$730.00

Band C = more than 40 stations. Initial subscriptions are US \$1800.00, covering years 1 and 2; subsequent renewal years are US \$615.00

The prices listed include administrative handling, dispatch by regular mail and, and sales taxes, where applicable.

IBAC reserves the right to revise these prices without prior notice.
